1.	. Immediately upon the return of CHOU En-lai from a recent secret visit to Moscow, an important Sino-Soviet military group, believed to be secret, was set up.		
2.	The group includes several inner circle members of the Communist hierarchy and a number of high-ranking military officers who arrived in Peiping shortly after CHOU's return from Moscow.		
3.	Immediately upon formation of the above group, members were dispatched to various provinces. As a result, LI Li-san was sent to Szechuan and LI Fu-ch'un is now in Tsingtao. 2		
25X1X	1. Comment. Possibly because of trouble reported in these areas. The reasons are not known.		
25X1A 25X1X	2. Comment. There is no indication as to the permanency of either move. Should LT Fu-ch'un have been sent to Tsingtao permanently, there might be implications of political disfavor, as LI was reported in 1948 as being more nationalistic and less pro-Soviet than his associates. He was also reported at that time as being the Number Two man in Chinese Communist intelligence (Social Affairs Department).
